

Prints & More Conversion to Digital Format Service

All images are scanned by hand – Time to process is usually a minimum of 3-4 weeks to complete. Images will be scanned as is or with basic editing, which will require extra time.

Basic editing includes color, shadow, and brightness restoration to the highest degree possible. Editing will be at the per hour rate.

**Photographs:** Wallet Size up to 8x10 prints

**35 mm Slides:** Color or Black & White Images in Cardboard Frames, metal holders or binder sleeves.

**Negatives:** 35mm (standard size) Black & White or Color (every image on a negative strip counts as 1 image)

**Documents And Newspaper Articles:** Up To 8.5" X 11" (400 DPI)

**VHS/VHS-C/8mm Cassette:** \$25 – First tape, \$12 per tape after. Tapes are put on a flash drive, up to 8GB. The first flash drive is included. Larger drives will be used as needed at cost. Converting certain segments of the tapes alone will have a rate of \$20 per hour.

**DVD:** \$25 – First video, \$12 per video after. Videos are put on a flash drive, up to 8GB. The first flash drive is included. Larger drives will be used as needed at cost.

**What You Get:** Includes 1 digital copy of images on USB drive, up to 4GB, additional drives to complete first set of images will be at cost. You will also have the option to add additional USB drives. Additional USB drives at the time of order will be at cost depending on size. Picture and video files will be deleted after 90 days from delivery date.
